

VOTE

FOR

J. R. BLAIR FOR RE-ELECTION

AND FOR THE OLD

BOARD OF TRUSTEES

The Old Board of Village Trustees should be retained to complete the waterworks and sewerage systems they and the present Mayor made possible. They are familiar with the details and as H. O. Duerr, the engineer, is in Columbus, work will start IMMEDIATELY after the success of the Bond Issue is officially announced. Keep the present Mayor and Board of Trustees in Office.

The present Board of Trustees is composed, each and every one of them, of SUCCESSFUL BUSINESS MEN. They are men who should and do command the respect of all citizens. They have been tried and not found wanting. Criticism they invite from well-meaning citizens. The Board as a whole stand on their record and ask your support and your votes and one and all assure you that their past experience will be used for your benefit and for the good of Columbus.
